A CUP OF CULTURE, BERLIN

In 1994 I had a vision and founded „Barcomi's Café & Kaffeerösterei“ in Kreuzberg. In 1997 I opened my second shop „Barcomi's Deli“ in Mitte.

Barcomi's is a special place, as it would exist in New York. A place for the senses to enjoy life - with hand-roasted coffee and homemade pastries.

Barcomi's is unique and still inspired by my basic idea: nothing tastes better than a perfect cup of coffee and great, homemade food and pastries!

xx Cynthia

COFFEE

Since 1994, Barcomi's has roasted coffee in Berlin-Kreuzberg. In addition to following kinds of coffees, we also have a selection of single origin, specialty coffees. Please ask your waiter for advice!

House Blend: A special blend of Tansania (Typica Kilimanjaro), Brasil Cemorrado Hazel & Colombia Supremo beans. A full-bodied cup with fine acidity, this is the standard coffee served in our cafes.

Colombia Supremo DECAF: Decaffeinated with CO2 processing. A dark roast with a rich and delicious aroma, you'll never miss the caffeine!

Costa Rica S.H.B. Tarrazu: This is a mild roast with a fine acidity and good body. This Tarrazu tastes excellent when prepared with a hand filter or a filter machine.

Guatemala S.H.B.: Stricly Hard Bean is the highest quality category for a Guatemalan coffee grown at over 3.900 feet! It is characterized by its fine acidity and delicious chocolate aroma.

India Monsooned Malabar AA Chikmagalur: The harvested coffee beans are exposed to the monsoon rain and winds for several months, causing them to swell and lose the original acidity, resulting in a flavor profile with a practically neutral pH balance.

Sumatra Arabica Mandheling Grade 1, triple picked: The Sumatra is known for its full body and rich, complex taste. Like all Indonesian coffees, the Sumatra is left to grown naturally!

AROMATISED COFFEE

We have an extensive selection of aromatized coffees to enjoy! Our House Blend is aromatized with natural oils for a special flavor:

- Amaretto	- Almond & Nougat
- Caramel	- Swiss Chocolate Almond
- French Vanilla & Hazelnut	- Swiss Chocolate
- Irish Cream	- Winter Spice (seasonal)
- Kona Macadamia Nut	

ESPRESSI

Nicaragua Espresso Blend: Our Nicaraguan Espresso Blend is a composition of the following coffees: Nicaragua SHG, Brasil Cemorrado Hazel & Indien Parchment Robusta Bohnen. This is our standard espresso and is amazing for all espresso-based drinks.

Äthiopien Sidamo Grade 2: This coffee from the Sidamo region is known for its fruity body and sweet aftertaste. It is a relatively light roast lending the espresso a complex flavor.

Columbia Excelso Espresso (also available as DECAF)

A classic espresso roast with a hint of acidity.

Monsooned Espresso Blend: The Monsooned Espresso Blend is a combination of the following coffees: Monsooned Malabar AA (Chikmagalur), Monsooned Robusta AA (Balehonnur) und Tansania (Typica Kilimanjaro). It is perfect for all espresso-based drinks.

Papua Neu Guinea Sigr AA: The Sigr AA still has its connection to Blue Mountain coffee from Jamaica, from which it originated. AA is the top grade produced and grown at 5.000 feet in elevation. Sweet and smokey in flavor, this is PNG coffee at its best.
