Fast, Fresh, Fab: Why the Cakes at Cafe Klatsch win hearts.

Q) What are the different varieties of cakes you make?

A) Your imagination is our only limitation in terms of variety.

We have everything from photo cakes, fondant cakes, cheesecakes, fruit cakes to simple chocolate or butterscotch cakes.

We make cakes in all shapes, sizes & flavours.

You can refer to the 'Cakes' section of our menu to know more about the flavours and prices.

Q) I want a cake for xyz occasion, but I don't know which one to get.

A) We understand that selecting the right cake can be as difficult as picking out the right clothes for you in a mall.

So many options, so much variety. To make it easier for you, we spend a good 15-20 minutes trying to understand what your requirement is, and give you suggestions that we believe will be best for your requirement and occasion.

All you need to do is talk to us at +91-9328188617 and we will have it all sorted for you.

We also send you a link to all our previous cakes, so you can simply select from the catalogue as well.

Q) So in how much time can you get my cake ready?

A) Most cakes are ready within a span of 4 hours. A few cakes, that require heavy customisation, may require more a little more time.

We also offer an 'express service' for people who require their cake within 1 hour (subject to availability and degree of customisation)

Q) But since you make cakes in such short time, are your cakes ready-made or fresh?

A) Our cakes are absolutely fresh out of the oven.

We strongly believe that the real essence of a cake lies not in its flavor, but on how fresh it is. Our team has gained the expertise over the years to deliver great quality, fresh cakes in minimum time.

Q) Your pricing seems fair, your service is quick and your quality is good. What's the catch?

A) The catch is that cakes are always with happiness, may it be a birthday, anniversary, or an achievement, and we want to be a part of your celebration.

To make sure we add our own touch of delight to your occasion, we try to deliver our cakes in the shortest time, at reasonable prices while ensuring that the quality makes you go Yummmmmmmmm.

When are you inviting us to your next celebration?

FOOD FACTS

10 Amazing Facts about Chocolates We Bet You Didn't Know!

Chocolate. The name itself brings a smile on our face, a temptation in our mouth, and a dreamy feeling in our head. While this amazingly fantabulously awesome savory is an essential for every mood, there are some facts about chocolates that will make you appreciate them even more.

Fun Fact #1: The scientific name for the tree that chocolate comes from, *Theobroma cacao*, means "food of the gods."

Fun Fact #2: Chocolate has over 600 flavor compounds, while red wine has just 200.

Fun Fact #3: It is believed that people who are allergic to chocolate are actually allergic to cockroaches

Fun Fact #4: Chocolate gives you a more intense mental high and gets your heart pounding more than kissing does.

Fun Fact #5: There is a rare fourth kind of chocolate in addition to the classic milk, dark, and white varieties: blond chocolate.

Fun Fact #6: Chocolate milk is an effective post-workout recovery drink.

Fun Fact #7: White chocolate really isn't chocolate. To be chocolate it would have to contain cocoa solids or cocoa liquor. It's simply a sweet concoction of cocoa butter, sugar and flavorings.

Fun Fact #8: Eating chocolate is better for your teeth than hard candy. It is also rich in cancer-fighting anti-oxidants.

Fun Fact #9: One chocolate chip can give a person enough energy to walk 150 feet.

Fun Fact #10: The founder of Hershey Chocolate, Milton Hershey, would have been on the ill-fated Titanic when it sank, but business issues caused him to cancel his reservation at the last minute.

Next time you see someone have a chocolate, make sure to bug them with a few random trivia :P

MOCKTAIL PARTY

Café Klatsch hosts first ever Mocktail Party; invites guests from all over the world

The city of Navsari witnessed the grandest extravaganza, yet.

Cafe Klatsch, a cafe-themed restaurant located in Lunsikui, hosted it's first ever mocktail party, which saw celebrity mocktails pouring in from all over the world.

Dressed in the most immaculate outfits, no mocktail left a chance to rule to floor and show of their moves.

After the French Kiss controversy, Mr. Peach'in was spotted for the first time in public, to which he commented: "I'm back in a whole new avatar, ready to tickle in the tanginess."

"I think Ms. Pinky Tinky was the show stopper. Her velvet pink dress was SO dreamy. I wonder if she got Sabyasachi to do it." said one of the spectators.

"Mr. Watermelon Mojito and Mrs. Blueberry Mojito look so perfect together. I can't wait to see their little Taimur Mojito soon!" commented Watermelon Sparkler with a sparkle in her eyes!

Also to walk the red carpet was our youngest star, Bubblegum Shake, who brought out the child in everyone. What a delight to relish on!

After a night full of drinks, the mocktails thanked Cafe Klatsch for their hospitality and decided to stay back a few more months at the Cafe, in their new home called the "A-la-Carte Menu".

Team Café Klatsch

A huge part of our success goes to our small family: Our Staff. Our folks at Cafe Klatsch work selflessly, day and night, to provide you with a delightful experience. If you ever were to catch a glimpse of our kitchen, you would always see all our lovely staff members smiling & enjoying what they do. Needless to say, their spirit and their passion is evident in the sincerity with which they serve, ensuring that each customer leaves with a smile.

FOUNDER'S INSPIRATION

Being a mother, I have always wanted the best for my family; be it food, education or healthcare. I also wanted to give my small contribution in changing the world, but like most of the woman out there, I was too preoccupied with my day-to-day management. My husband and my kids always encouraged me to go out and live my dream, but I always ended up shying out of it, thinking that it would be difficult to manage two worlds. After spending countless nights staying up late and trying to figure out a solution, a gold mine finally struck me. What if I can take my passion and my skills, and convert it into a business that spreads joy, warmth and happiness to countless others around me? That way I can contribute to the world, live my dream, and not fall behind on my responsibilities.

And that is how the idea of Cafe Klatsch was born. I pitched it to my husband, who loved it. He immediately got into action and help me set up the business, just the way I wanted it to be. The idea was simple: To create a homely experience outside home. To get people together, serve them tasty, healthy, homemade food that brings back beautiful memories and creates new ones. My husband is hell bent on technology, and here I am, trying to take people back in time, where they LOled in person, not on Whatsapp. My business might not be doing great in terms of profits, churning out in huge bottomline impact, but the smiles, hugs and thank-you's I receive every time a customer walks out, is priceless. Most of our customers come back, not only because of the food, but because they can feel the positive vibes in our cafe. Experiencing this makes me feel like I have made a difference, played my part, and it helps me go to sleep peacefully every night.

Something a little different from Southern and Northern Indian cuisine!!!!

As westerners having spent 10 days in Navsari eating Southern and Northern Indian cuisine morning, noon and night to find a little gem like this was an absolute godsend. A little contemporary café tucked away amongst the hustle and bustle of Navsari street life. Great art on the wall, subtle music and a simple Moroccan inspired interior.

The menu was extensive - a great variety of savoury and sweet treats. We opted for the Mexican - it was admittedly an Indian take on Mexican food but delicious all the same. We visited on a weekday so it was a little quiet but could easily see this little café filled with eclectic arty students relaxing over the weekend listening to some great music.

I would definitely recommend this café to nervous foreign travellers (like me!) who are seeking some familiar tastes of home.

Also the owner of the café - needs to be commended for her hard work for the local community - you can read about it on the menus. Great food, great price, a great find!!!

Mexican-Italian

In Navsari, if someone is searching for non traditional food, especially Mexican/Italian, this may be the only place. The Mexican dishes are not very typical Mexican but it is a good alternative to traditional Indian dishes. It is in a central location in a strip shopping center. Not too expensive but definitely not low cost either. Good place for youngsters

Dinner time

I really loved the food and my son was very happy to have tacos, burritos, and nacho and bean chips. The taste is perfect and tastes like authentic American Mexican food! The deserts and pastries are awesome. The staff and owner are very kind. The atmosphere of the restaurant is also very pleasant. Overall if you want to come with friends or family it is a wonderful place to spend quality time.

Reasons to fall in love with Café Klatsch

Born in the summer of 2010, Cafe Klatsch is one of the earliest players to revolutionize the hospitality industry in Navsari. Their idea was simple: To satisfy people's palate, and to sweeten their moments. Over the years, Cafe Klatsch has been known for adding their special home-made touch to western cuisines, but moreover, people have been visiting this cafe for a different, underlying purpose: To relive the special memories with their loved ones, and to create new, long-lasting memories. Hence, at any given time of the day, you will find celebrations happening here: Reunions, Birthdays, Anniversaries, Farewells, to name a few. There is something in the ambiance of this Cafe that relaxes you, making to want to leave your phone aside and just talk. So much so that Cafe Klatsch is referred to as "Cafe" by most of its customers (Chalo "Café" Chale?). We were curious to find out what made this Cafe stand out, and we were not disappointed.

Here are 7 reasons we feel makes you fall in love with Café Klatsch.

If you cannot come to Cafe Klatsch, Cafe Klatsch comes to you.

Need some comfort food but feeling lazy to get out of your couch? Simply Whatsapp your folks at Cafe Klatsch and get your favourite munchies delivered to you in no time. That's the agenda they live by: Never let a customer go without a full stomach and a delightful memory.

You can enjoy a snack anytime of the day, any day of the year.

The variety they offer, ranging from hot to cold, munchies to meal, guarantees you one thing: No matter when you go, you will always have something to suit your mood and something new to explore.

You get to reconnect with old friends and relive some beautiful memories.

Cafe Klatsch has drafted its ambience to create nostalgia. You feel like keeping your digital devices away, and reliving memories with your loved ones. It isn't a shock to see customers spend hours in this Cafe, just talking, smiling and 'Reliving'.

There is always a personal touch to your experience.

Menu is just a reference for these people. Need customisations? Done. Need suggestions? Done. Want to be surprised with something new? Done.

You can be damn sure that the food is fresh, healthy & budget friendly

The service might be slightly slower than usual, but it's absolutely worth the wait. You know it's worth it when the fragrance captivates you, and the moment you take the first bite, you feel the warmth of home-made food. That's because each dish, before leaving the kitchen, is checked for absolute perfection. Not to forget: Little or no artificial products are used, so you can be assured of a fresh, healthy meal.

The warm & cozy ambience of Cafe embraces you.

Visit alone or with your gang, you are in for a treat. The experience they offer goes beyond food, where special care is taken to create a warm, cozy and comfortable environment. After all, we all need to escape from the pace of life every once a while, right?

You always leave with a smile :)

Customer satisfaction is measured in terms of the smiles that are shared, instead of a feedback form. If your experience is not delightful, they go the extra mile to connect with you & take suggestions to improvise. Be sure to see the changes the next time you visit, along with a warm smile to start with.

True to their motto, Cafe Klatsch "satisfies palates and sweetens moments".
