The Silverwood Dream

The dream of local couple, Rod and Adelle Sim for the past five years, Silverwood Lodges and Bistro, has been created to bring what the couple call "self catering glamour" to the wedding market, with the very highest standards of accommodation available. They want wedding guests to kick back and enjoy comfort and relaxation, as well as the wonderful celebration of a wedding.

One of the first couples to marry at a nearby Stately Home, Rod and Adelle realised that there was an urgent lack of luxury accommodation in the area, and brought about their own plan to create Silverwood, and run it together as a family business. Now nineteen bespoke lodges and a bistro are on offer, with a marquee coming soon.

Catering for approximately 100 guests, the lodges and bistro offer a truly memorable experience, set in perfect surroundings. Close to the A90, and only minutes from both Perth and Dundee, the resort could not be better placed to attract local trade.
